Listed below is a description of the jewelry we appraised for you on the above date.

14 karat man's yellow gold diamond band, consisting of three 0.25 carat round brilliant cut diamonds, total weight 3/4 carat, H color, SI2 clarity, channel set in a 7mm tapering to 4.5mm open design mounting, open circle underbezel below diamonds, yellow flat polished shank stamped "14", weighing 6.3 grams, finger size 7.5, valued at \$2150.00.

The items of jewelry listed above have been examined by the undersigned appraiser for the purpose of establishing a fair retail replacement value. This appraisal is made and accepted upon the expressed understanding that no liability or responsibility is incurred by the appraiser in giving same. Please note, that all stone weights are approximate due to the stones being mounted. Mountings prohibit the full and accurate observation of cut, color, clarity, and carat weight.

Sincerely,

Joseph N. Ashcraft
